Just a quick reminder that today is your last chance to use to...

[Get Designrr lifetime license at 15% off](#) + \$497 worth of bonuses for free.

If somehow you've missed my previous emails about this...

You must know this is truly a once-in-a-lifetime opportunity

You see, if you've had a chance to check out our competitors...

You might have noticed that most of them offer their ebook creation software at a monthly fee ranging anywhere from \$27/m to \$99/m and more.

With this bundle, however, for just a small, one-time payment of \$22.95 you get to...

- **Create an unlimited amount of lead magnets your audience is dying to get their hands on!**

A lot of our clients are the biggest players in their respective niches.

They run huge teams with *hundreds* of employees.

Before they started using Designrr...

Most of them have been paying content creators and designers a small fortune to put together these sorts of lead magnets for them every month.

You know **WHY they switched to Designrr**, though?

The sharpest ones started taking notice...

Our other clients - often solopreneurs working from their kitchen table...

Were able to match them both in **quantity** and **quality** of their lead magnets!

(Which is the life source of 99% of the biggest online businesses.)

Once you [start using Designrr](#) you'll be able to steamroll your competitors and start scoring the customers they already have too!

- **Sell your ebooks on your website, Amazon, or any other platform!**

Designrr allows you to create ebooks in a wide variety of formats:

PDF, Mobi, ePub - you name it.

Simply upload your text in Designrr in one simple click, pick your template, choose the output format and click publish!

- **Offer ebook-creation services to your clients for top prices!**

Companies (especially B2B) are in constant need of new lead magnets, white papers and flipbooks to grow their business.

With this offer, you are also getting a commercial license for Designrr which goes for \$297...

Absolutely for free.

This means you can start offering your clients ebook-creation services...

And sell them the books you create in Designrr for \$1000-\$2000 a pop.

(Potentially - ***much*** more.)

Now look:

There's much more to this offer than I can unpack in this email.

But I suppose you already know that.

Otherwise, you wouldn't have added Designrr lifetime membership to your cart... which you abandoned :(

Now, it's up to you.

You can let this opportunity pass you by.

Or you can [take advantage of it](#) and milk it for what it's worth.

The decision is yours to make.

But remember: this offer will be gone forever in 16 hours.

So your best chance is to take action right now.

Do it.

You won't regret it.

I promise.

All the best,

Paul

(CEO & Founder of Designrr)
