Hey there... I have some *daunting* news:

I couldn't help to notice you were about to grab a lifetime license for Designrr [at a small, one-off price](#)...

But you didn't go through with it.

You **MUST** know this:

Ever since I introduced this lifetime deal for Designrr, I've been getting 1000's of orders a day...

But...

I can't possibly keep this lifetime offer running forever!

For one, it would be unfair to our other customers!

You see, we don't offer this lifetime deal on our main site. In fact, at this very moment, our other customers have to pony up \$29 every single month for Designrr's **lowest** plan.

But you know what? Even at that price point, It's still a steal... if you compare it to what you'd have to shell out if you were to outsource the creation of your ebook.

(Say nothing of the turnaround time!)

So... *honestly* - I really don't think you want to miss out on this exclusive deal.

For the next 48 hours, you can still [grab Designrr Lifetime license + \\$497 worth of bonuses](#) at a small, one-off price.

(Which - again - is actually lower than what our other subscribers pay *every single month for the LOWEST plan.*)

After 48 hours, I can't guarantee, you'll see this lifetime offer ever again.

Thus, let me ask you:

Are you ready to turn your existing content into a top-notch, sleek ebook as soon as 10 minutes from now?...

Or... create a stunning ebook your audience will be dying to get their hands on... from scratch?...

Without EVER having to pay a monthly fee?...

Or... having ANY ceiling on the number of ebooks you can create?...

Then hurry and [complete your purchase](#) before this one-time offer is gone forever!

All the best,

Paul

(CEO & Founder of Designrr)

P.S. Remember: you're also backed up by a 30-day, iron-clad money-back guarantee.

If at any point, over the next 30 days, you decide Designrr isn't right for you - just hit us up and we'll instantly issue a quick, no-questions-asked refund.

You risk nothing. Use the link above to complete your order while there's still time.
