A few days ago you watched my presentation and decided to order an Inflammation Test Kit package.

But for whatever reason you weren't able to finish your order.

If you'd like to do that now....

[Click here to claim your Test Kit package.](#)

While this will be my last email reminding you, you can certainly come back at any time and order.

But the question is this:

Are you really willing to wait? And at what cost?

If somebody had just showed me "THIS is the cause"...

Oh my gosh, it would've saved me years of struggle (and tens of thousands of dollars).

But it was the path that lead me here, so that I can help you today.

So I hope you'll make the most of this opportunity to get well again.

Your Cellular Inflammation Test Kit & Analysis is waiting here

Now, if you hadn't already noticed, I'm a man of faith.

And there are three words that mean a lot to me.

Rak Chazat Amats.

That's Hebrew. The English translation doesn't do the phrase justice (Be Strong and Courageous).

The Hebrew means a lot more.

It means God has a promise for us.

The time we're about ready to step into a promise God has for us, we have all kinds of fear.

Trepidation.

All the negatives.

All our past failures.

All of it pops into our brain.

And we don't want to step into what God has for us.

I believe if you're seeing this right now, God has a promise for you in healing.

So choose healing and order your Test Kit And Analysis so we can help you finally feel well again.

Warm regards,

Dr Daniel Pompa
