Pup parent, Stephen, used an activity monitor to track his pup Sadie's progress from before using Joint Chews to 90 days in. The progress she has made is clear to see - just look at Sadie go!

Imagine the happy, healthy life Fido could be living by using Wuffes Joint Chews.

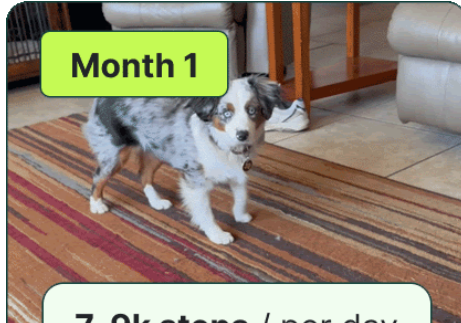

Before

15k steps / per day

Before Joint Issues

Lots of energy and high activity levels.

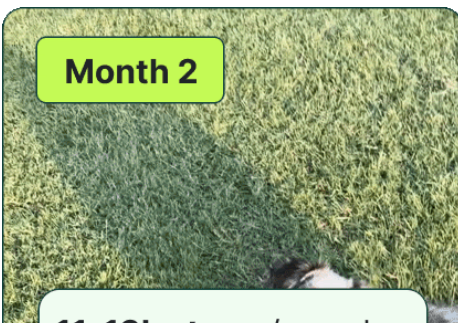

Month 1

7-9k steps / per day

Joint Issues Begin

Much less active and showing signs of joint discomfort. Sadie's Wuffes Journey begins.

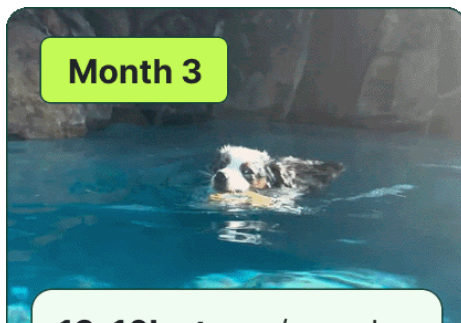

Month 2

11-13k steps / per day

Initial Improvements

Discomfort starts to subside and Sadie starts to act like her old self again.

Month 3

13-16k steps / per day

Above & Beyond

Wuffes is part of Sadie's wellness ritual, and her activity levels reach pre-diagnosis levels.
